Bi-Weekly Market Performance Report

The CAISO posted the bi-weekly market performance report for July 3-16, 2024. The maximum day-ahead cleared demand was 50,250 MW and the maximum day-ahead DLAP price was \$648.77/MWh for the two weeks. The reasons for the price excursions in the fifteen-minute and five-minute markets are documented.

Review of the Price Correction Report

During the week of July 8-12, 2024, the CAISO processed one interval for price correction due to software defects. During the week of July 15-19, 2024, the CAISO processed 34 intervals for price correction due to data input errors.

General Questions

None

¹ The California ISO (CAISO) hosts this bi-weekly market update conference call, generally at 10:15AM PST bi-monthly on Thursdays. This call is an opportunity for market participants to ask general questions regarding the market. Please send any questions to [CIDI system](#), which includes questions that have proprietary information and that might be commercially sensitive.
