The information contained in these materials is provided for general information only and does not constitute legal or regulatory advice. The ultimate responsibility for complying with the ISO FERC Tariff and other applicable laws, rules or regulations lies with you. In no event shall the ISO or its employees be liable to you or anyone else for any decision made or action taken in reliance on the information in these materials.

Housekeeping reminders

This call is being recorded for informational and convenience purposes only. Any related transcripts may not be shared or reprinted without ISO's permission.

The meeting is designed to encourage open, honest dialogue and the exchange of diverse perspectives.

Please keep all comments professional and respectful.

Instructions for raising your hand to ask a question

- If you joined audio through your computer or used the “Call Me” option, please use the **Raise Hand**  icon located at the bottom center of the Webex screen to join the question queue.
- If you are not logged into Webex and joined by phone only, please dial ***3** to enter the queue.
- When it is your turn to speak, please state your name and affiliation before making your comment.
- For technical assistance during the meeting, please send a chat message to the event producer.

California ISO Stakeholder Initiative Process

- Business Practice Manuals
  - The purpose of BPMs is to set forth business practices that implement the ISO tariff.
  - The ISO conducts a yearly policy initiative roadmap process to consider and rank initiatives.
    - Policy changes submitted though the PRR process will be referred to the policy initiative road map process.
  - Each subject area in a BPM is based on enabling language in the ISO tariff.
    - *The PRR process cannot be used to introduce changes that are not supported by existing tariff authority.*

BPM for Resource Interconnection Standards

PRR	PRR Title	Stage
1695	New BPM for resource interconnection standards	On hold

PRR 1695 – New BPM for resource interconnection standards

- Reason for revision:
  - BPM for ISO Tariff Appendix KK
- New BPM for resource interconnection standards
  - PRR submitted 8/10/26. As this proposal introduces a new BPM, the ISO will hold additional stakeholder sessions and provide an extended comment period to review the proposed language.
- Initial comments received from:
  - Caitlin Liotiris and Molly Croll on behalf of American Clean Power – California
  - Susan Schneider on behalf of the Large-scale Solar Association (LSA)
  - Raeann Quadro on behalf of EDF Power Solutions
- Initial comment period expired: September 16, 2026
- Next steps:
  - PRR will return to the initial comment phase following BPM stakeholder sessions.
